GENT-L-KLEEN DISPENSERS AND BRACKETS

WALL-MOUNTING DISPENSERS TO FIT 7 LB. AND 4.5 LB. CONTAINERS. These dispensers have a rugged, plastic construction with stainless steel working parts. One size (stock no. 0-4511) fits our 4.5 lb. cartridge by dispensing product from the full, open-end of the container. The other size (stock no. 0-7110) dispenses product from the inverted top of our 7 lb. can. These high-tech dispensers have been highly tested for strength and durability. . . even for use with our pumicized hand cleaners. They maintain a clean appearance with their classic, black finish. To avoid waste of product, the dispensers are precision engineered to pump just the right amount of hand cleaner needed with one-hand operation. And with noncorrosive plastic and stainless steel parts, they are fully guaranteed for life when used with one of our gel/cream hand cleaner formulations.

OPTIONAL WALL-MOUNTING PLATE FOR USE WITH 4.5 LB. AND 7 LB. DISPENSERS (stock no. 0-5200). This black, heavy-duty plastic plate mounts to the wall and allows you to slide either the 4.5 lb. or 7 lb. dispenser into the plate rather than directly mounting the dispenser to the wall. Therefore, you can easily remove the dispenser for cleaning or maintenance.

DISPOSABLE, 4000 ml CONTAINER DISPENSER (stock no. 0-2270). If you prefer not to use our Dispenser-Mate® 5000 Dispensing System for the 4000 ml container, you can use the 0-2270 pump-top dispenser. It gives you a low-cost, portable option for use with all of our lotion hand cleaners and soaps. **See catalog Form 5000 for details on Gent-L-Kleen's money-saving, patented Dispenser-Mate® 5000 Dispensing System.**

WALL-MOUNTING PLATE FOR USE WITH 4000 ml CONTAINER AND 0-2270 DISPENSER (stock no. 0-5100). You can mount the 4000 ml container and 0-2270 dispenser to a wall using this easy-to-use, black plastic mounting plate with lock/release lever.

HEAVY-DUTY, 1 GALLON JUG DISPENSER (stock no. 0-1600). Our heavy-duty, pump-top dispenser is manufactured with stain-

less steel and other durable, quality materials that withstand heavy industrial use. Eliminates throw-away dispensers. Guaranteed for life when used with one of our lotion hand cleaners.

DISPOSABLE, 1 GALLON JUG DISPENSER (stock no. 0-2222). This plastic, pump-top dispenser fits our 1 gallon jug and can be used with all of our lotion hand cleaners and soaps.

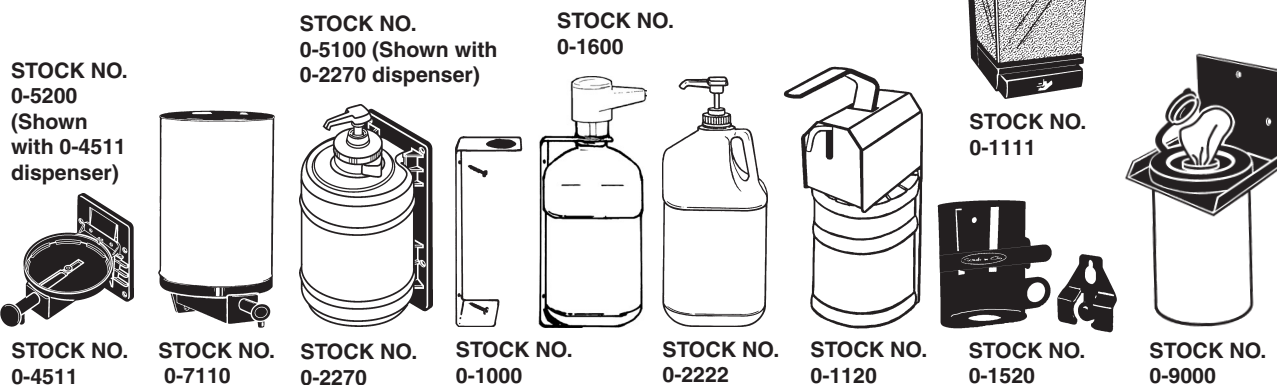

STAINLESS STEEL WALL BRACKET FOR GALLON JUG (stock no. 0-1000). Wall mounting, stainless steel bracket for use with the gallon jug and either the 0-1600 or 0-2222 dispenser is simple, sturdy and economical too!

WALL-MOUNTING DISPENSER FOR FLAT-TOP GALLON (stock no. 0-1120). Metal and plastic, heavy-duty dispenser designed for standard flat-top gallons. As with all of Gent-L-Kleen's dispensers, except stock no. 0-1111, the 0-1120 handles abrasive hand cleaners. It can be operated with a hand or elbow and carries a 1-year warranty from the original manufacturer, Arjem Inc.

SCRUB N GO™ WASH STATION (stock no. 0-1520). Create your own portable wash station with the Scrub N Go™, one of Gent-L-Kleen's 15 fl. oz. bottles of hand cleaner and a 5 gallon water cooler.

WALL-MOUNTING, 1 LITER RESERVOIR DISPENSER (stock no. 0-1111). This all-polymer construction dispenser is non-metallic and corrosion-proof for durable and reliable operation. One-hand, portion control makes this dispenser economical and easy-to-use. The large, 1 liter, see-through reservoir allows the user to see when to add more Premium Blue Hand & Body Soap.

WALL BRACKET FOR POWER WIPES® CANISTER (stock no. 0-9000). Mount the 90-count canister on a wall with this black powder coated steel bracket.
